**Launch a Joint Program  
Awakened Awareness UK**

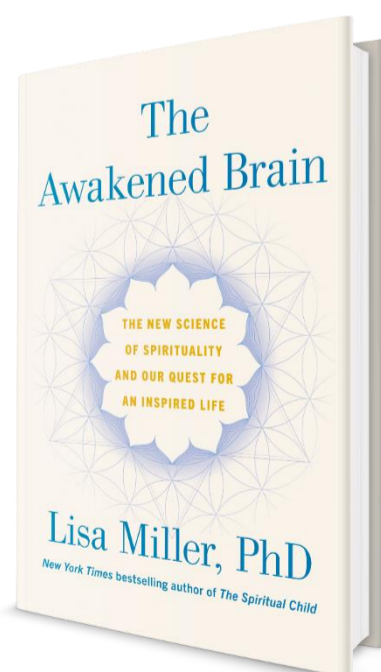

**3 November, 2022**

We are pleased to announce a new partnership between the [Spirituality Mind Body Institute, Teachers College at the Columbia University, NY, USA](https://spiritualitymindbody.tc.columbia.edu/), and the [Oxford Interfaith Forum, UK](https://www.oxfordinterfaithforum.org/).

Science shows that a college student is in a hard-wired phase of spiritual awakening, yet still this transformation process is highly receptive and sensitive to the environment. We are in a global crisis of meaning among young adults, in part because the university as a global establishment has failed to meet this development imperative. The climate and culture of a university, as well as the spiritual content in college course offerings and campus-based opportunities for spiritual discovery, all weigh in to shape the emerging spiritual awareness of a student.

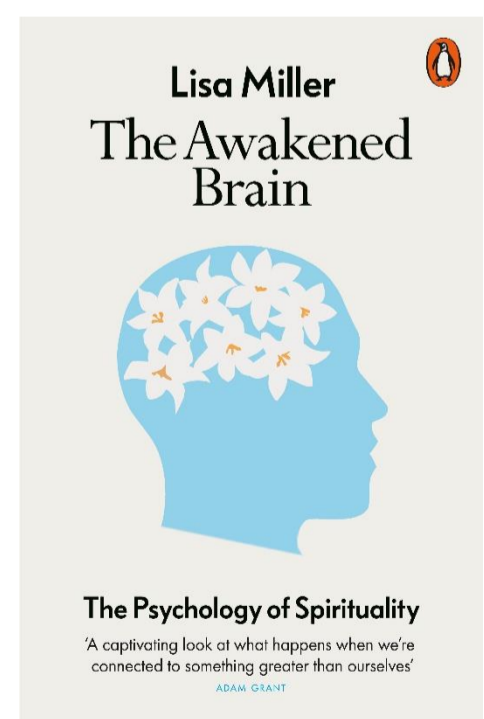

The Spirituality Mind Body Institute of Columbia University, USA, and the Oxford Interfaith Forum, UK, now join in collaboration to offer global college students a broad and diverse range of opportunities for spiritual exploration and discovery.

Emerging adulthood is a time to find direction, an ethical foundation, transcendent awareness, and an articulation of sacred understanding, that often endures across a lifetime. Together the Spirituality Mind Body Institute and the Oxford Interfaith Forum offer any college student on Earth an opportunity of their lifetime.

As a part of the **Awakened Awareness UK** campaign, we are delighted to gift Professor Lisa Miller's bestselling book [\*THE AWAKENED BRAIN: THE NEW SCIENCE OF SPIRITUALITY AND OUR QUEST FOR AN INSPIRED LIFE\*](#) to all UK academic institutions. This generous contribution will ensure that students have a free access to valuable spiritual resources and will contribute towards a more loving, spiritually aware, and positive society. If you would like to receive a **free copy of Professor Lisa Miller's book**, we cordially invite you to register your interest below.
